MEMBER RIGHTS AND RESPONSIBILITIES

As a Member, You have rights and responsibilities when receiving healthcare. As Your healthcare partner, we want to make sure Your rights are respected while providing Your health benefits. That means giving You access to our network of doctors and healthcare professionals, who help You make the best decisions for Your health. As a Member, You should also take an active role in Your care.

You have the right to:

- Speak freely and privately with Your doctors and other healthcare professionals about healthcare options and treatment needed for Your condition no matter what the cost or whether it is covered under Your Plan.
- Work with Your doctors and other healthcare professionals to make choices about Your healthcare.
- Be treated with respect and dignity.
- Expect us to keep Your personal health information private by following our privacy policies, and state and Federal laws.
- Receive information You need to fully engage with Your health Plan, and also share Your feedback. This includes:
 - Our company and services.
 - Our Network of doctors and other healthcare professionals.
 - Your rights and responsibilities.
 - The way Your health Plan works.
- Make a complaint or file an appeal about:
 - Your health Plan and any care You receive.
 - Any Covered Service or benefit decision that Your health Plan makes.
- Say no to care for any condition, sickness, or disease, without it having an effect on any care You may receive in the future. This includes asking Your doctors and other healthcare professionals to tell You how that may affect Your health now and in the future.
- Get the most up-to-date information from a doctor about the cause of Your illness, Your treatment, and what may result from it. You can ask for help if You do not understand this information.
- Get help at any time by calling the Member Services number located on the back of your Identification Card or by visiting [anthem.com](https://www.anthem.com).

We are here to provide high-quality benefits and service to our Members. Benefits and coverage for services given under the Plan are overseen by Your Certificate of Coverage, Member Handbook, or Schedule of Benefits-and not by this **Member Rights and Responsibilities** statement.

SCHEDULE OF BENEFITS

The Maximum Allowed Amount is the amount the Claims Administrator will reimburse for services and supplies, which meet its definition of Covered Services, as long as such services and supplies are not excluded under the Member's Plan; are Medically Necessary; and are provided in accordance with the Member's Plan. Please refer to the **Definitions** and **Claims Payment** sections for more information. Under certain circumstances, if the Claims Administrator pays the healthcare Provider amounts that are Your responsibility, such as Deductibles, Copayments, or Coinsurance, the Claims Administrator may collect such amounts directly from You. You agree that the Claims Administrator has the right to collect such amounts from You.

To receive the highest benefits at the lowest Out-of-Pocket cost, You must be provided Covered Services from a Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. Except for Surprise Billing Claims, when You use an Out-of-Network Provider You may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please refer to the **Claims Payment** section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges.

The “Family” Deductible amounts can be satisfied by any combination of family members, but You could satisfy Your own “Individual” Deductible amount before the “Family” amount is met. You will never have to satisfy more than Your own “Individual” Deductible amount. If You meet Your “Individual” Deductible amount, Your other family member’s claims will still accumulate towards their own “Individual” Deductible and the overall “Family” amounts. This continues until Your other family members meet their own “Individual” Deductible or the entire “Family” Deductible is met. <p>For additional information about Your embedded Deductible, please refer to the How Your Plan Works section.</p>

Anthem Imaging Shopper

If You need an MRI or a CT scan, it's important to know that costs can vary quite a bit depending on where You go to receive the service. Sometimes the differences are significant – anywhere from \$300 to \$3,000 – but a higher price doesn't guarantee higher quality. If Your benefit Plan requires You to pay a portion of this cost (like a Deductible or Coinsurance), where You go can make a very big difference to Your wallet.

How the program works:

- Your doctor lets Anthem know You will have one of these procedures.

- Anthem will check to see if the Provider who will perform the procedure offers a lower cost for the service.
- If not, Anthem may call You to give You other choices nearby.
- You choose the Provider that best meets Your needs, whether it's the one Your doctor suggested, or one Anthem tells You about. It's completely up to You!

Sleep Study Program

Your Plan includes benefits for a Sleep Management Program, which is a program that helps Your Physician make better informed decisions about Your treatment. It is administered by AIM Specialty Health, which is a wholly owned division of Anthem Blue Cross Blue Shield. The Sleep Management Program includes outpatient and home sleep testing and therapy. If You require sleep testing, depending on Your medical condition, You may be asked to complete the sleep study in Your home. Home sleep studies provide the added benefit of reflecting Your normal sleep pattern while sleeping in the comfort of Your own bed versus going to an outpatient Facility for the test.

As part of this program, You are recommended to obtain Precertification for:

- Home sleep tests (HST)
- In-lab sleep studies (polysomnography or PSG, a recording of behavior during sleep)
- Titration studies (to determine the exact pressure needed for treatment)
- Treatment orders for equipment, including positive airway pressure devices (APAP, CPAP, BPAP, ASV), oral devices, and related supplies

If You need ongoing treatment, AIM will review Your care quarterly to assure that medical criteria are met for coverage. Your equipment supplier or Your Physician will be required to provide periodic updates to ensure clinical appropriateness. Ongoing claim approval will depend partly on how You comply with the treatment Your Physician has ordered.

Please talk to Your Physician about getting approval for any sleep testing and therapy equipment and supplies.

If You have questions about Your care, please talk with Your Physician. For questions about Your Plan or benefits, please call Member Services.

Coverage for the Employee

This Benefit Booklet describes the benefits an Employee may receive under this healthcare Plan. The Employee is also called a subscriber.

Coverage for the Employee’s Dependents

If the Employee is covered by this Plan, the Employee may enroll his or her Dependents. Covered Dependents are also called Members.

Eligible Dependents Include:

- **The Employee’s Spouse or same and opposite sex Domestic Partner. For information on spousal eligibility please contact the Employer.**
- The Employee’s dependent children until the date they attain age 26, legally adopted children from the date the Employee assumes legal responsibility, foster children that live with the Employee and for whom the Employee is the primary source of financial support, children for whom the Employee assumes legal guardianship and stepchildren. Also included are the Employee’s children (or children of the Employee’s Spouse or same and opposite sex Domestic Partner) for whom the Employee has legal responsibility resulting from a valid court decree
- Children who are mentally or physically impaired and totally dependent on the Employee for support, past the age of 26 or older. To be eligible for continued coverage past the age of 26, certification of the impairment is required within 31 days of attainment of age 26. A certification form is available from the Employer or from the Claims Administrator and may be required periodically. You must notify the Claims Administrator and/or the Employer if the Dependent’s marital or tax exemption status changes and they are no longer eligible for continued coverage.

Initial Enrollees

Initial Enrollees and eligible Dependents who were previously enrolled under group coverage which this Plan replaces are eligible for coverage on the Effective Date of this coverage. Coverage will be effective based on the waiting period chosen by the Employer and will not exceed 90 days.

New Hires

Enrollments are handled online, not with an enrollment application, and must be submitted within 31 days from the date an Employee is eligible to enroll as set by the Employer. Coverage will be effective based on the waiting period chosen by the Employer and will not exceed 90 days. If the Employee or the Employee's Dependents do not enroll when first eligible, the Employee or the Employee's Dependents will be treated as Late Enrollees. Please refer to the "Late Enrollees" provision listed below.

Late Enrollees

If the Employee or the Employee's Dependents do not enroll when first eligible, it will be necessary to wait for the next open enrollment period. However, the Employee or the Employee's Dependents may be eligible for special enrollment as set out below.

Special Enrollment Periods

If an Employee or Dependent does not apply for coverage when they were first eligible, they be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Employee or Dependent must request Special Enrollment within 31 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- lost eligibility under a prior health Plan for reasons other than non-payment of premium or due to fraud or intentional misrepresentation of a material fact;
- exhausted COBRA benefits or stopped receiving group contributions toward the cost of the prior health Plan;
- lost Employer contributions towards the cost of the other coverage; or

- are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes About Special Enrollment:

- Individuals enrolled during Special Enrollment periods are not Late Enrollees.
- Individuals or Dependents must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and CHIP Special Enrollment/Special Enrollees

Eligible Employees and Dependents may also enroll under two additional circumstances:

- the Employee's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program).

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

When Coverage Begins

If the Employee applies for coverage when first eligible, coverage will be effective on the date the Employer's length-of-service requirement has been met. The Effective Date of coverage is subject to any length-of-service provision the Employer requires and will not exceed 90 days.

Changing Coverage

There may be an annual re-enrollment period during which time Members may elect to change their options.

Types of Coverage

The types of coverage available to the Employee are indicated at the time of enrollment through the Employer.

Changing Coverage (Adding a Dependent)

You may add new Dependents to Your Plan by contacting Your Plan Administrator. The Plan Administrator must notify the Claims Administrator. The Plan Administrator is the person named by the Employer to manage the Plan and answer questions about Plan details.

Coverage is provided only for those Dependents the Employee has reported to the Plan Administrator and added to his or her coverage by completing the correct application.

Marriage and Stepchildren

An Employee may add a Spouse and eligible stepchildren within 31 days of the date of marriage by submitting a change-of-coverage form. The Effective Date will be the date of marriage.

If an Employee does not apply for coverage to add a Spouse and stepchildren within 31 days of the date of marriage, the Spouse and stepchildren are considered Late Enrollees. Please refer to the "Late Enrollees" provision in this section.

Newborn and Adopted Children

You must contact Your Employer within 31 days to add a newborn or adopted child.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, healthcare needs, genetic information, previous medical information, impairment, sexual orientation or identity, gender, or age.

OBRA 1993 and Qualified Medical Child Support Orders

The Omnibus Budget Reconciliation Act of 1993 (OBRA 1993) provides specific rules for the coverage of adopted children and children subject to a Qualified Medical Child Support Order (QMCSO).

An eligible Dependent child includes:

- an adopted child, regardless of whether or not the adoption has become final. An “adopted child” is any person under the age of 18 as of the date of adoption or placement for adoption. “Placement for adoption” means the assumption and retention by the Employee of the legal obligation for the total or partial support of a child to be adopted. Placement ends whenever the legal support obligation ends.
- a child for whom an Employee has received an MCSO (a “Medical Child Support Order”) which has been determined by the Employer or Plan Administrator to be a Qualified Medical Child Support Order (“QMCSO”). Upon receipt of a QMCSO, the Employer or Plan Administrator will inform the Employee and each affected child of its receipt of the order and will explain the procedures for determining if the order is a QMCSO. The Employer will subsequently notify the Employee and the child(ren) of the determination.

A QMCSO cannot require the Employer to provide any type or form of benefit that it is not already offering.

Family and Medical Leave

If a covered Employee ceases active employment due to an Employer-approved medical leave of absence, in accordance with the Family and Medical Leave Act of 1993 (FMLA), coverage will be continued for up to 12 weeks under the same terms and conditions which would have applied had the Employee continued in active employment. The Employee must pay his or her contribution share toward the cost of coverage, if any contribution is required.

Changing Coverage or Removing a Dependent

When any of the following events occur, notify the Employer, and ask for appropriate forms to complete:

- divorce;
- death of an enrolled family Member (a different type of coverage may be necessary);
- Dependent child reaches age 26 (please refer to When Coverage Terminates);
or
- enrolled Dependent child becomes totally or permanently impaired.

HOW YOUR PLAN WORKS

Note: Capitalized terms such as Covered Services, Medical Necessity, and Out-of-Pocket Maximum are defined in the **Definitions** Section.

Introduction

Your health Plan is a Preferred Provider Organization (PPO) for all Members except residents of New Hampshire; Members residing in New Hampshire are part of a Point of Service (POS) Plan. The Plan is divided into two sets of benefits: Network and Out-of-Network. If You choose a Network Provider, You will receive Network benefits. **Members who are residents of New Hampshire must use the appropriate POS Network Provider in their respective states to receive Network benefits.** Utilizing this method means You will not have to pay as much money; Your Out-of-Pocket expenses will be higher when You use Out-of-Network Providers. To find a Network Provider for this Plan, please refer to "How to Find a Provider in the Network," later in this section.

Providers are compensated using a variety of payment arrangements, including fee for service, per diem, discounted fees, and global reimbursement.

All Covered Services must be Medically Necessary, and coverage or certification of services that are not Medically Necessary may be denied.

Network Services

When You use a Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. The Plan has the final authority to decide the Medical Necessity of the service.

If You receive Covered Services from an Out-of-Network Provider after we failed to provide You with accurate information in our Provider directory at www.anthem.com, or after we failed to respond to Your telephone or web-based inquiry within the time required by Federal law, Covered Services will be covered at the Network level.

Network Providers include Primary Care Physicians/Providers (PCPs), Specialists (Specialty Physicians/Providers – SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for You. Referrals are never needed to visit a Network Specialist, including mental health Providers.

To see a doctor, call their office:

- Tell them You are an Anthem Member.
- Have Your Member Identification Card handy. The doctor's office may ask You for Your group or Member ID number.
- Tell them the reason for Your visit.

When You go to the office, be sure to bring Your Member Identification Card with You.

For services from Network Providers:

1. You will not need to file claims. Network Providers will file claims for Covered Services for You. (You will still need to pay any Coinsurance, Copayments, and/ Deductibles that apply.) You may be billed by Your Network Provider(s) for any Non-Covered Services You get or when You have not followed the terms of this Benefit Booklet.
2. Precertification will be done by the Network Provider. (Please refer to the **Healthcare Management – Precertification** section for further details.)

Please refer to the **Claims Payment** section for additional information on Authorized Services.

After Hours Care

If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If You have an emergency, call 911 or go to the nearest emergency room.

Out-of-Network Services

When You do not use a Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Benefit Booklet.

For services from an Out-of-Network Provider:

- There is no limit to what an Out-of-Network provider can charge unless Your claim involves a Surprise Billing Claim;
- The Out-of-Network Provider may charge You the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments unless Your claim involves a Surprise Billing Claim;
- You may have higher cost-sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments) unless Your claim involves a Surprise Billing Claim;
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for Non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done. (Please refer to **Healthcare Management – Precertification** for more details.)

Surprise Billing Claims

Surprise Billing Claims are described in the Consolidated Appropriations Act of 2021 Notice in the **Health Benefits Coverage Under Federal Law** section. Please refer to that section for further details.

Use the Mobile App to Connect with Us

As soon as You enroll in this Plan, You should download the mobile app. You can find details on how to do this at www.anthem.com. The goal is to make it easy for You to find answers to Your questions. You can chat with a representative live in the app, or contact us at www.anthem.com.

How to Find a Provider in the Network

There are three ways You can find out if a Provider or Facility is in the Network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of Network Providers at www.anthem.com, which lists the doctors, Providers and Facilities that participate in this Plan's Network.
- Search for a Provider in our mobile app.
- Call Member Services to ask for a list of doctors and Providers that participate in this Plan's Network, based on specialty and geographic area.
- Check with Your doctor or Provider.

If You need details about a Provider's license or training, or help choosing a doctor who is right for You, call the Member Services number on the back Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help Your needs.

Continuation of Care

If Your Network Provider leaves our Network for any reason other than termination for cause, and You are in active treatment, You may be able to continue seeing that Provider for a limited period of time and still get Network benefits. "Active treatment" includes:

- An ongoing course of treatment for a life-threatening condition.
- An ongoing course of treatment for a serious acute condition (e.g., chemotherapy, radiation therapy, and post-operative visits).
- An ongoing course of treatment for pregnancy and through the postpartum period.
- An ongoing course of treatment for a health condition for which the Physician or healthcare Provider attests that discontinuing care by the current Physician or Provider would worsen Your condition or interfere with anticipated outcomes.

An "ongoing course of treatment" includes treatments for mental health and substance use disorders.

In these cases, You may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If You wish to continue seeing the same Provider, You should contact Member Services for details. Any decision by the Plan regarding a request for Continuation of Care is subject to review.

The BlueCard Program

Like all Blue Cross and Blue Shield plans throughout the country, Anthem participates in a program called “BlueCard,” which provides services to You when You are outside our Service Area. For more details on this program, please refer to “Inter-Plan Arrangements” in the **Claims Payment** section.

Copayment

Certain Network services may be subject to a Copayment amount which is a flat dollar amount You will be charged at the time services are rendered.

Copayments are the responsibility of the Member. Any Copayment amounts required are shown in the **Schedule of Benefits**. Unless otherwise indicated, services which are not specifically identified in this Benefit Booklet as being subject to a Copayment are subject to the Plan Year Deductible and payable at the percentage payable in the **Schedule of Benefits**.

Plan Year Deductible

Before the Plan begins to pay benefits (except certain benefits which are subject to Copayment instead of Deductible), You must meet any Deductible required. You must satisfy one Deductible for each type of coverage as explained in the **Schedule of Benefits**. Deductible requirements are stated in the **Schedule of Benefits**.

Deductibles

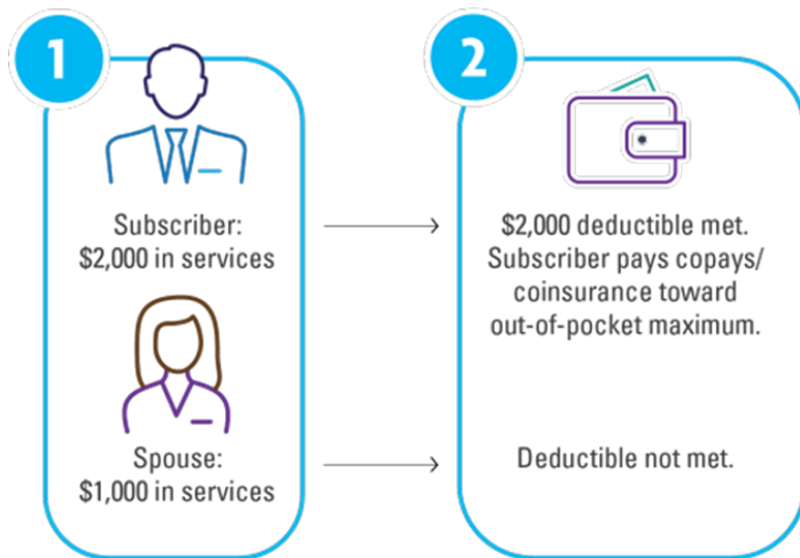

There are two different types of Deductibles, embedded and non-embedded (True Family) Deductibles. Your Plan has an embedded Deductible.

Embedded Deductible

If You have a family Plan (two or more Members), with an embedded Deductible, meaning that there are two Deductible amounts within one Plan; single and family.

The single Deductible is embedded in the family Deductible, so **no one family member can contribute more than the single amount toward the family Deductible**. Once the Member meets their single Deductible, the Member will start paying Copays and/or Coinsurance toward the Out-of-Pocket Maximum.

For example, if You have a \$2,000/\$4,000 (single/family) embedded Deductible, this is how it would work:

Since the subscriber met his deductible, he was able to move on to his Copays /Coinsurance for Covered Services. The Spouse will continue to pay toward the Deductible until it is met.

Out-of-Pocket Maximum

An Out-of-Pocket Maximum is the annual limit on the amount of money that You would have to pay for healthcare services, not including monthly premiums or services not covered. After the maximum is reached, all covered health services are paid in full by the health Plan for the rest of that Plan Year.

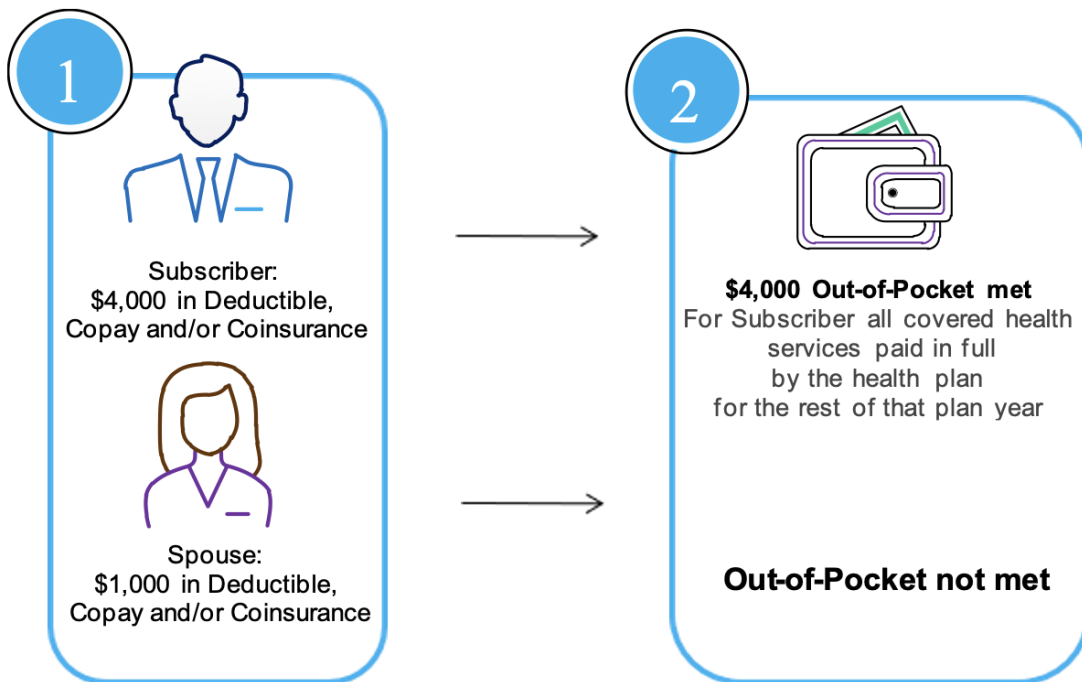

All payments that apply to the Deductible also apply to the Out-of-Pocket Maximum

Embedded Out-of-Pocket

For family Plans (two or more members), an embedded Out-of-Pocket means that there are two Out-of-Pocket amounts within one plan; single and family.

The single Out-of-Pocket is embedded in the family Out-of-Pocket, **so no one family member can contribute more than the single amount toward the family Out-of-Pocket**. Once the Member meets their single Out-of-Pocket, all covered health services are paid in full by the health Plan for the rest of that Plan Year.

The following is an **example** that may not align with Your benefits. If You have a 4,000/\$8,000 (single/family) embedded Out-of-Pocket, this is how it would work:

Since the Subscriber met his Out-of-Pocket, he was able to move on to all covered health services paid in full by the health Plan for the rest of that Plan Year.

The Spouse will continue to pay toward the Out-of-Pocket until it is met

Once the Out-of-Pocket is met, You will pay no cost-share when You receive Covered Services.

HEALTHCARE MANAGEMENT – PRECERTIFICATION

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigative as those terms are defined in this Benefit Booklet. Utilization Review aids the delivery of cost-effective healthcare by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be Medically Necessary to be a Covered Service. When level of care, setting, or place of service is part of the review, services that can be safely given to You in a lower level of care or lower cost setting/place of care, will not be Medically Necessary if they are given in a higher level of care or higher cost setting/place of care.

Certain Services must be reviewed to determine Medical Necessity in order for You to get benefits. Utilization Review criteria will be based on many sources, including medical policy and clinical guidelines. The Plan may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost-effective is available and appropriate.

If You have any questions regarding the information contained in this section, You may call the Member Services telephone number on Your Identification Card or visit www.anthem.com.

Reviewing Where Services are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting, or place of service is reviewed, services that can be safely given to You in a lower level of care or lower cost setting/place of care, will not be Medically Necessary if they are given in a higher level of care or higher cost setting/place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens, the service can be requested again in another place and will be reviewed again for Medical Necessity. At times, a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an Inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.

- A service may be denied on an outpatient basis at a Hospital but may be approvable at a freestanding imaging center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. The Plan may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost-effective is available and appropriate. "Clinically equivalent" means treatments that for most Members will give You similar results for a disease or condition.

If You have any questions about the Utilization Review process, the medical policies, or clinical guidelines, You may call the Member Services telephone number on Your Identification Card or visit www.anthem.com.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if the Plan decides Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an Exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-service Review**– A review of a service, treatment, or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
- **Precertification**– A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this Benefit Booklet.

For admissions following Emergency Care, You, Your authorized

representative, or doctor should tell the Claims Administrator as soon as You are stabilized. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require Precertification.

- **Continued Stay/Concurrent Review**– A Utilization Review of a service, treatment, or admission for a benefit coverage determination which must be done during an ongoing stay in a Facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter time frame than standard reviews.

- **Post-service Review** – A review of a service, treatment, or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment, or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment, or admission in which the Claims Administrator has a related clinical coverage guideline and are typically initiated by the Claims Administrator.

Failure to Obtain Precertification Penalty:

The following list is not all-inclusive and is subject to change. Limitations and exclusions may apply. Please call the Member Services number on Your Identification Card to confirm if the service or procedure is covered under Your Plan.

Important Note: If You or Your Out-of-Network Provider do not obtain the required Precertification, a \$300 penalty will apply, and Your Out-of-Pocket costs will increase. This does not apply to Medically Necessary services from a Network or BlueCard Provider.

Services not requiring Precertification for coverage, but recommended for pre-determination of Medical Necessity due to the existence of post service claim edits and/or the potential cost of services to the member if denied by Anthem for lack of Medical Necessity:

(1) Procedures, equipment, and/or specialty infusion Drugs which have Medically Necessary criteria determined by Corporate Medical Policy or Adopted Clinical Guidelines.

Utilizing an Out-of-Network Provider may result in significant additional financial responsibility for You, because Your health benefit Plan cannot prohibit Out-of-Network Providers from billing You for the difference between the Provider's charge and the benefit the Plan provides

The ordering Provider, Facility, or attending Physician should contact the Claims Administrator to request a Precertification or predetermination review ("requesting Provider"). The Claims Administrator will work directly with the requesting Provider for the Precertification request. However, You may designate an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older.

Who is Responsible for Precertification?

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility, or attending doctor ("requesting Provider") will get in touch with the Claims Administrator to ask for a Precertification. However, You may request a Precertification, or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Call Member Services at the number on the back of Your Identification Card. ● Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary.
<p>NOTE: For an Emergency Care admission, Precertification is not required. However, You, Your authorized representative, or doctor should tell the Claims Administrator as soon as You are stabilized.</p>		

The Claims Administrator will utilize its clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”.

Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The Claims Administrator reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.

If You are not satisfied with the Plan's decision under this section of Your benefits, please refer to the **Your Right To Appeal** section to see what rights may be available to You.

Decision and Notice Requirements

The Claims Administrator will review requests for benefits according to the time frames listed below. The time frames and requirements listed are based on Federal laws. You may call the phone number on the back of Your Identification Card for more details.

Type of Review	Time frame Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Continued Stay/Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay/Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the Claims Administrator will tell the requesting Provider of the specific information needed to finish the review. If the Claims Administrator does not get the specific information needed by the required time frame, the Claims Administrator will make a decision based upon the information it has.

The Claims Administrator will notify You and Your Provider of its decision as required by Federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

From time to time, certain medical management processes (including utilization management, case management, and disease management) may be waived, enhanced, changed, or ended. An alternate benefit may be offered if, in the Plan's sole discretion, such change furthers the provision of cost-effective, value-based and/or quality services.

Certain qualifying Providers may be selected to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. Your claim may also be exempted from medical review if certain conditions apply.

Just because a process, Provider, or claim is exempted from the standards which otherwise would apply, it does not mean that this will occur in the future or will do so in the future for any other Provider, claim or Member. The Plan may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number on the back of Your Identification Card.

The Claims Administrator also may identify certain Providers to review for potential fraud, waste, abuse, or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Claims Administrator may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

The Claims Administrator's individual health plan case management programs (Case Management) helps coordinate services for Members with healthcare needs due to serious, complex, and/or chronic health conditions. The Claims Administrator's programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

The Claims Administrator's Case Management programs are confidential and voluntary and are made available at no extra cost You. These programs are provided by, or on behalf of and at the request of, Your health plan Case Management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, the Claims Administrator will help You meet Your identified healthcare needs. This is reached through contact teamwork with You and/or Your authorized representative, treating Physician(s), and other Providers.

In addition, the Claims Administrator may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or Injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. The Claims Administrator will make any recommendation of alternate or extended benefits to the Plan on a case-by-case basis, if at the Claims Administrator's discretion, the alternate or extended benefit is in the best interest of You and the Plan, and You or Your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to You or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the Claims Administrator will notify You or Your authorized representative in writing.

BENEFITS

Payment terms apply to all Covered Services. Please refer to the Schedule of Benefits for details. All Covered Services must be Medically Necessary, whether provided through Network Providers or Out-of-Network Providers.

Ambulance Service

Medically Necessary Ambulance Services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, You are taken:
 - From Your home, the scene of an accident, or Medical Emergency to a Hospital.
 - Between Hospitals, including when the Claims Administrator requires You to move from an Out-of-Network Hospital to a Network Hospital.
 - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, You are taken:
 - From the scene of an accident or Medical Emergency to a Hospital.
 - Between Hospitals, including when the Claims Administrator requires You to move from an Out-of-Network Hospital to a Network Hospital.
 - Between a Hospital and an approved Facility.

Ambulance Services may be subject to Medical Necessity reviews by the Claims Administrator. Emergency ground Ambulance Services do not require Precertification and are allowed regardless of whether the Provider is a Network or Out-of-Network Provider.

Non-emergency Ambulance Services may be subject to Medical Necessity reviews by the Claims Administrator. When using an air ambulance for non-emergency transportation, the Claims Administrator reserves the right to select the air ambulance Provider. If You do not use the air ambulance Provider the Claims Administrator selects, the Out-of-Network Provider may bill You for any charges that exceed the Plan's Maximum Allowed Amount.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases, the Claims Administrator may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or Injury by medical professionals from an Ambulance Service, even if You are not taken to a Facility.

Ambulance Services are not covered when another type of transportation can be used without endangering Your health. Ambulance Services for Your convenience or the convenience of Your family or Physician are not a Covered Service.

Other non-covered Ambulance Services include, but are not limited to:

- a Physician's office or clinic; or
- a morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger Your health and Your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if You are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if You are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation Facility), or if You are taken to a Physician's office or Your home.

Hospital to Hospital Transport

If You are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger Your health and if the Hospital that first treats cannot give You the medical services You need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, You must be taken to the closest Hospital that can treat You. Coverage is not available for air ambulance transfers simply because You, Your family, or Your Provider prefers a specific Hospital or Physician.

Assistant Surgery

Services rendered by an assistant surgeon are covered based on Medical Necessity.

Breast Cancer Care

Covered Services are provided for Inpatient care following a mastectomy or lymph node dissection until the completion of an appropriate period of stay as determined by the attending Physician in consultation with the Member. Follow-up visits are also included and may be conducted at home or at the Physician's office as determined by the attending Physician in consultation with the Member.

Breast Reconstructive Surgery

Covered Services are provided following a mastectomy for reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications, including lymphedemas.

Cardiac Rehabilitation

Covered Services are provided as outlined in the **Schedule of Benefits**.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs, given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An "approved clinical trial" means a phase I, phase II, phase III, or

phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
 - a. The National Institutes of Health
 - b. The Centers for Disease Control and Prevention.
 - c. The Agency for Healthcare Research and Quality.
 - d. The Centers for Medicare & Medicaid Services.
 - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
 - i. The Department of Veterans Affairs.
 - ii. The Department of Defense.
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.
3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require You to use a Network Provider to maximize Your benefits.

Routine patient care costs include items, services and Drugs provided to You in connection with an approved clinical trial that would otherwise be covered by this Plan.

All other requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to the Claims Administrator's Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. The Plan reserves the right to exclude any of the following services:

1. The Experimental/Investigative item, device, or service; or
2. Items used and services that are provided only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or
3. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;
4. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial.

Consultation Services

Covered when the special skill and knowledge of a consulting Physician is required for the diagnosis or treatment of an illness or Injury. Second surgical opinion consultations are covered.

Staff consultations required by Hospital rules are excluded. Referrals (the transfer of a patient from one Physician to another for treatment) are not consultations under this Plan.

Dental Services

Related to Accidental Injury

Your Plan includes benefits for dental work required for the initial repair of an Injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the Member's condition. Injury as a result of chewing or biting is not considered an Accidental Injury except where the chewing or biting results from an act of domestic violence or directly from a medical condition.

Diabetes

Equipment and outpatient self-management training and education, including nutritional therapy for individuals with insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and non-insulin using diabetes as prescribed by the Physician. Covered Services for outpatient self-management training and education must be provided by a certified, registered or licensed healthcare professional with expertise in diabetes. Screenings for gestational diabetes are covered under "Preventive Services".

Dialysis Treatment

The Plan covers Covered Services for Dialysis treatment. If applicable, the Plan will pay secondary to Medicare Part B, even if a Member has not applied for eligible coverage available through Medicare.

Durable Medical Equipment (DME), Medical Devices, and Supplies

The Plan will pay the rental charge up to the purchase price of the equipment. In addition to meeting criteria for Medical Necessity, and applicable Precertification requirements, the equipment must also be used to improve the functions of a malformed part of the body or to prevent or slow further decline of the Member's medical condition. The equipment must be ordered and/or prescribed by a Physician and be appropriate for in-home use.

The equipment must meet the following criteria:

- It can stand repeated use.
- It is manufactured solely to serve a medical purpose.
- It is not merely for comfort or convenience.
- It is normally not useful to a person not ill or Injured.
- It is ordered by a Physician.
- The Physician certifies in writing the Medical Necessity for the equipment. The Physician also states the length of time the equipment will be required. The Plan may require proof at any time of the continuing Medical Necessity of any item.
- It is related to the Member's physical disorder.

Equipment, devices, supplies, and appliances that include comfort, luxury, or convenience items or features that exceed what is Medically Necessary in Your situation will not be covered. Reimbursement will be based on the Maximum Allowed Amount for a standard item that is a Covered Service, serves the same purpose, and is Medically Necessary. Any expense that exceeds the Maximum Allowed Amount for the standard item which is a Covered Service is Your responsibility.

Emergency Services

Life-threatening Medical Emergency or serious Accidental Injury.

Coverage is provided for Hospital emergency room or freestanding emergency Facility care, including a medical or mental health screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate an Emergency Medical Condition, and within the capabilities of the staff and Facilities available at the Hospital, such further medical or mental health examination and treatment as are required to Stabilize the patient. Emergency Service care does not require any Prior Authorization from the Plan.

Stabilize means, with respect to an Emergency Medical Condition: to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

Medically Necessary services will be covered whether You get care from a Network or Out-of-Network Provider. Emergency Care You get from an Out-of-Network Provider will be covered as a Network service and will not require Precertification. The Out-of-Network Provider can only charge You any applicable Deductible, Coinsurance, and/or Copayment and cannot bill You for the difference between the Maximum Allowed Amount and their billed charges until Your condition is stable as

described in the Consolidated Appropriations Act of 2021 Notice in the **Health Benefits Coverage Under Federal Law** section. Your cost-shares will be based on the Maximum Allowed Amount and will be applied to Your Network Deductible and Network Out-of-Pocket Limit.

Treatment You get after Your condition has stabilized is not Emergency Care. Please refer to the Consolidated Appropriations Act of 2021 Notice in the **Health Benefits Coverage Under Federal Law** section for more details on how this will impact Your benefits.

The Maximum Allowed Amount will be used to determine payment for Emergency Care from an Out-of-Network Provider. However, Member cost-share will be based on the median Plan Network contract rate paid to Network Providers for the geographic area where the service is provided.

The Copayment and/or Coinsurance percentage payable for both Network and Out-of-Network are shown in the **Schedule of Benefits**.

Gender-Affirming Surgery and Services

This Plan provides benefits for many of the charges for gender-affirming surgery and services for Members diagnosed with Gender Dysphoria. Gender-affirming surgery and services must be approved by us for the type of procedure requested and must be authorized prior to being performed. Charges for services that are not authorized for the gender-affirming surgery and services requested will not be considered Covered Services. Some conditions apply, and all services must be authorized by us as outlined in the **Healthcare Management - Precertification** section. Please refer to the **Schedule of Benefits** section for details pertaining to Copayment and/or Coinsurance.

General Anesthesia Services

Covered when ordered by the attending Physician and administered by another Physician who customarily bills for such services, in connection with a covered procedure.

- Such anesthesia service includes the following procedures which are given to cause muscle relaxation, loss of feeling, or loss of consciousness:
- spinal or regional anesthesia;
- injection or inhalation of a Drug or other agent (local infiltration is excluded).

Anesthesia services administered by a Certified Registered Nurse Anesthetist (CRNA) are only covered when billed by the supervising anesthesiologist.

Habilitative Services

Benefits also include habilitative healthcare services and devices that help You keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with impairments in a variety of Inpatient and/or outpatient settings.

Home Healthcare Services

Home Healthcare provides a program for the Member's care and treatment in the home. Your coverage is outlined in the **Schedule of Benefits**. The program consists of required intermittent skilled care, which may include observation, evaluation, teaching, and nursing services consistent with the diagnosis, established and approved in writing by the Member's attending Physician. Services may be performed by either Network or Out-of-Network Providers. The Physician's statement and recommended program may require Precertification. Please refer to the **Healthcare Management-Precertification** section for details.

Covered Services:

- Visits by an RN or LPN. Benefits cannot be provided for services if the nurse is related to the Member.
- Visits by a qualified physiotherapist or speech therapist and by an inhalation therapist certified by the National Board of Respiratory Therapy.
- Visits to render services and/or supplies of a licensed Medical Social Services Worker when Medically Necessary to enable the Member to understand the emotional, social, and environmental factors resulting from or affecting the Member's illness.
- Visits by a Home Health Nursing Aide when rendered under the direct supervision of an RN.
- Nutritional guidance when Medically Necessary.
- Oxygen and its administration.

Covered Services for Home Healthcare do not include:

- Food, housing, homemaker services, sitters, home-delivered meals;
- Home Healthcare services which are not Medically Necessary or of a non-skilled level of care;
- Services and/or supplies which are not included in the Home Healthcare plan as described;

- Any services for any period during which the Member is not under the continuing care of a Physician;
- Convalescent or Custodial Care where the Member has spent a period of time for recovery of an illness or surgery and where skilled care is not required or the services being rendered are only for aid in daily living, i.e., for the convenience of the Member;
- Any services or supplies not specifically listed as Covered Services;
- Routine care and/or examination of a newborn child;
- Dietitian services;
- Maintenance therapy;
- Dialysis treatment; or
- Purchase or rental of dialysis equipment.

Hospice Care Services

You are eligible for Hospice care if Your doctor and the Hospice medical director certify that You are terminally ill and likely to have less than twelve (12) months to live. You may access Hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by Your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms but is not meant to cure a terminal illness. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care;

- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care;
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse;
- Social services and counseling services from a licensed social worker;
- Nutritional support such as intravenous feeding and feeding tubes;
- Physical therapy, occupational therapy, speech therapy, and respiratory therapy given by a licensed therapist;
- Pharmaceuticals, medical equipment, and supplies needed for the palliative care of Your condition, including oxygen and related respiratory therapy supplies; and
- Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member's death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver, and individuals with significant personal ties for one year after the Member's death.

Your Physician must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to the Claims Administrator upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to, chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Benefit Booklet.

Hospital Services

You may receive treatment at a Network or an Out-of-Network Hospital. However, payment is significantly reduced if services are received at an Out-of-Network Hospital. Your Plan provides Covered Services when the following services are Medically Necessary.

Network

Inpatient Services

- Inpatient room charges. Covered Services include Semiprivate Room and board, general nursing care, and intensive or cardiac care. If You stay in a private room, the Maximum Allowed Amount is based on the Hospital's prevalent semiprivate rate. If You are admitted to a Hospital that has only private rooms, the Maximum Allowed Amount is based on the Hospital's prevalent room rate.

Service and Supplies

- Services and supplies provided and billed by the Hospital while You're an Inpatient, including the use of operating, recovery, and delivery rooms. Human Organ and Tissue Transplant Services

Notification

To maximize Your benefits, You need to call the Claims Administrator's transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a

transplant. Your evaluation and work up services must be provided by a Network Transplant Provider that we have chosen as a Centers of Medical Excellence for Transplant Provider and/or a Provider designated as a Network Transplant Provider by the Blue Cross and Blue Shield Association. Even if a Hospital is a Network Provider for other services, it may not be a Network Transplant Provider for certain transplant services. Please call us to find out which Hospitals are Network Transplant Providers.

Centers of Medical Excellence (CME) Transplant Providers

Blue Distinction Center Facility: Blue Distinction Facilities have met or exceeded national quality standards for care delivery.

Centers of Medical Excellence (CME): Centers of Medical Excellence Facilities have met or exceeded quality standards for care delivery.

Network Transplant Provider: Providers who have achieved designation as a Centers of Medical Excellence for Transplant and/or Blue Distinction Centers + or Blue Distinction Centers for Transplant. The Provider has entered into a Transplant Provider Agreement to give Covered Transplant Procedures to You and take care of certain administrative duties for the Transplant Network. A Provider may be a Network Transplant Provider for certain covered Transplant Procedures or all covered Transplant Procedures.

Out-of-Network (PAR) Transplant Provider: Providers participating in the Plan's networks but not designated as a Centers of Medical Excellence for Transplant or Blue Distinction Center + or Blue Distinction Center for Transplant.

Contact the Member Services telephone number on Your Identification Card and ask for the transplant coordinator. The Claims Administrator will then assist the Member in maximizing their benefits by providing coverage information including details regarding what is covered and whether any medical policies, network requirements or Benefit Booklet exclusions are applicable. Failure to obtain this information prior to receiving services could result in increased financial responsibility for the Member.

Covered Transplant Benefit Period

At a Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered Solid Organ Transplant Procedure and one day before high-dose chemotherapy or preparative regimen for a Covered Bone Marrow/Stem Cell Transplant Procedure and lasts for the applicable case rate/global time period. The number of days will vary depending on the type of transplant received and the Network Transplant Provider agreement. Call the Claims Administrator for specific Network Transplant Provider details for services received at or coordinated by a Network Transplant Provider Facility.

At an Out-of-Network Transplant Provider Facility, the Transplant Benefit Period starts the day of a Covered Transplant Procedure and lasts until the date of discharge

Prior Approval and Precertification

In order to maximize Your benefits, the Claims Administrator strongly encourages You to call its transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. The Claims Administrator will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network Transplant Provider requirements, or exclusions are applicable. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if the Claims Administrator issues a prior approval for the Covered Transplant Procedure, You or Your Provider must call the Claims Administrator's Transplant Department for Precertification prior to the transplant whether this is performed in an Inpatient or outpatient setting.

Please note that there are instances where Your Provider requests approval for Human Leukocyte Antigen (HLA) testing, donor searches, and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and

storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

Unless as prohibited by law, the Claims Administrator will cover reasonable and necessary travel costs when You are required to travel to another state to obtain Covered Services that are not available within Your state.

Travel and Lodging Expenses may be available for some reproductive health and mental health services and procedures received at a Network Facility. The Plan will assist the patient and family with travel and lodging arrangements when the Member lives 75 miles from a Network Facility. Services must be received at a Network Facility. Expenses for travel and lodging for the recipient and a companion should be verified by the Plan and may be available as follows:

- Transportation is covered, including expenses for personal car mileage at the current Federal rate of reimbursement, of the patient and one companion who is traveling on the same day(s) to and/or from the site of the surgery or treatment for an evaluation, the procedure or treatment, or necessary post-discharge follow-up;
- Reasonable and necessary expenses for lodging for the patient (while not confined) and one companion. Benefits are paid at a per-diem rate of \$125 for one person or \$250 a day for two people for lodging and food
- Travel and lodging expenses are available only if the Member resides more than 75 miles from the Network Facility where services are received;
- If the patient is a Covered Dependent minor child, the transportation expenses of two companions will be covered; lodging expenses will be reimbursed at the \$250 per-diem rate.
- These benefits are subject to a combined overall lifetime maximum of \$5000 per covered person for all travel expenses incurred by the Member receiving the service and companion (companions, if the Covered Dependent is a minor), and reimbursed under the Plan. These limits are combined with the current transplant travel and lodging benefits.
- For information about the transportation and lodging benefits, please contact Member Services at the number on the back of Your Identification card.

The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to the Claims Administrator when claims are filed. Contact the Claims Administrator for detailed information. The Claims Administrator will follow Internal Revenue Service (IRS) guidelines in determining what expenses can be paid.

Under Federal law, the Plan may not restrict the length of stay to less than the 48 /96-hour periods or require Precertification for either length of stay. The length of hospitalization which is Medically Necessary will be determined by the Member's attending Physician in consultation with the mother. Should the mother or infant be discharged before 48 hours following a normal delivery or 96 hours following a cesarean section delivery, the Member will have access to two post-discharge follow-up visits within the 48- or 96-hour period. These visits may be provided either in the Physician's office or in the Member's home by a Home Healthcare Agency. The determination of the medically appropriate place of service and the type of Provider rendering the service will be made by the Member's attending Physician.

Managing Specialty Medications

If You are utilizing a Specialty Drug, our goal is to provide You with access to the most clinically appropriate therapy to meet Your treatment needs. These Drugs are used to treat complicated and chronic conditions, such as cancer, rheumatoid arthritis, multiple sclerosis, and other diseases. Health issues like these can be challenging to manage and we want to assure that You receive safe, effective treatment.

Providing coverage under the best benefit (Pharmacy or medical) is the first step. Specialty medications which You can give to Yourself are best managed under the Pharmacy benefit. Drugs which require a medical professional to give to You will be provided under Your medical benefit.

Anthem also requires Precertification for certain Specialty Drugs under the medical benefit. This means that a clinical review is required before the Drug is approved. Precertification assures consistent use of effective medications based on our medical policies and treatment guidelines. We also review for correct dose and frequency as well. During this time, our pharmacists will work with Your Physician to incorporate additional dose reduction opportunities that are still clinically appropriate for You. Your Physician will contact us for Precertification and provide us with the clinical information needed for us to review the request.

Our final focus is on the setting in which Your treatment may occur. There are multiple options available to You typically selected by Your Physician. Did You know that the outpatient Hospital setting can be 2-3 times more costly than other sites? Receiving care in a lower cost site which can meet Your specific needs can help You and Your Employer save money and can also possibly provide You with more convenient options in which to receive Your Drug treatment. Anthem's Site of Care program requires that Your prescriber provide information on the level of care that You need. You may be redirected to receive Your care in Your Physician's office, an infusion center, or from a home infusion Provider instead of the outpatient Hospital.

All of these approaches work cohesively together to help You with Your medical Specialty Drug needs.

Prescription Drugs Administered by a Medical Provider

This Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to You as part of a doctor's visit, Home Healthcare visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to You in a medical setting. Benefits for Drugs You inject or get from a retail Pharmacy (i.e., self-administered Drugs) are not covered.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under Federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider, and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound Drugs are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound Drug are FDA approved, require a Prescription to dispense, and are not essentially the same as an FDA approved product from a Drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

What's Not Covered

1. Compound Drugs will not be covered unless all of the ingredients are FDA approved and cannot be essentially the same as an FDA-approved Prescription product already on the market. The ingredients in the compound must also require a Prescription to dispense. This means that if the compound contains ingredients that may be purchased over-the-counter, it would not be covered. Ingredients such as the compound base ingredient (non-proprietary cream, ointment, or like product) or an adjuvant are not subject to these limitations.
2. Drugs not approved by the FDA.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing doctor may be asked to give more details before the Plan decides if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, the Claims Administrator has established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration.
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease.
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation, and Mitigation Strategies).
- Step therapy, requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of an Anthem Prescription Drug List (a Formulary developed by the Claims Administrator which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost-effectiveness).

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. The Claims Administrator will give the results of the Plan's decision to both You and Your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with the Claims Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section, and if any drug edits apply.

Please refer to the section **Healthcare Management – Precertification** for more details.

If Precertification is denied, You have the right to file an appeal as outlined in the Your Right to Appeal section of this Benefit Booklet.

Designated Pharmacy Provider

The Plan in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific Pharmacy services (including shipment of Prescription Drugs) to Members. A Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the Network Provider must have signed a Designated Pharmacy Provider Agreement with the Claims Administrator. You or Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in Your Provider's office, You and Your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider's office.

You may also be required to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. The Plan reserves the right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. The Plan may from time to time, change with or without advance notice the Designated Pharmacy Provider for a Drug. If in the Plan's discretion, such change can help provide cost-effective, value-based and/or quality services.

If You are required to use a Designated Pharmacy Provider and You choose not to obtain Your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of Your Identification Card or check the Claims Administrator's website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed Drugs. The Claims Administrator may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of Your Identification Card.

CLAIMS PAYMENT

Network Providers have agreed to submit claims directly to the local Blue Cross and /or Blue Shield plan in their area. Therefore, if the Network Hospitals, Physicians, and ancillary Providers are used, claims for their services will generally not have to be filed by the Member. In addition, many Out-of-Network Hospitals and Physicians will also file claims if the information on the Blue Cross and Blue Shield Identification Card is provided to them. If the Provider requests a claim form to file a claim, a claim form can be obtained by contacting Your local Human Resources Department or by visiting www.anthem.com.

Please note You may be required to complete an authorization form in order to have Your claims and other personal information sent to the Claims Administrator when You receive care in foreign countries. Failure to submit such authorizations may prevent foreign Providers from sending Your claims and other personal information to the Claims Administrator.

How to File Claims

Under normal conditions, the Claims Administrator should receive the proper claim form within 12 months after the service was provided. This section of the Benefit Booklet describes when to file a benefits claim and when a Hospital or Physician will file the claim for You.

Each person enrolled through the Plan receives an Identification Card. Remember, in order to receive full benefits, You must receive treatment from a Network Provider. When admitted to a Network Hospital, present Your Identification Card. Upon discharge, You will be billed only for those charges not covered by the Plan. **Residents of New Hampshire must use POS Network Providers.**

When You receive Covered Services from a Network Physician or other Network licensed healthcare Provider, ask him or her to complete a claim form. Payment for Covered Services will be made directly to the Provider.

For healthcare expenses other than those billed by a Network Provider, use a claim form to report Your expenses. You may obtain these from Your Employer or the Claims Administrator. Claims should include Your name, Plan and Group numbers exactly as they appear on Your Identification Card. Attach all bills to the claim form and file directly with the Claims Administrator. Be sure to keep a photocopy of all forms and bills for Your records. The address is on the claim form.

Save all bills and statements related to Your illness or Injury. Make certain they are itemized to include dates, places, and nature of services or supplies.

Maximum Allowed Amount

General

This section describes how the Claims Administrator determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by Network and Out-of-Network Providers is based on this Plan's Maximum Allowed Amount for the Covered Service that You receive. Please refer to the "Inter-Plan Arrangements" section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement Anthem will allow for services and supplies:

- That meet the Plan's definition of Covered Services, to the extent such services and supplies are covered under Your Plan and are not excluded.
- That are Medically Necessary.
- That are provided in accordance with all applicable Preauthorization, utilization management, or other requirements set forth in Your Plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims*, when You receive Covered Services from an Out-of-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

*Surprise Billing Claims are described in the Consolidated Appropriations Act of 2021 Notice in the Health **Benefits Coverage Under Federal Law** section. Please refer to that section for further details.

When You receive Covered Services from a Provider, the Claims Administrator will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect the Claims Administrator's determination of the Maximum Allowed Amount. The Claims Administrator's application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means the Claims Administrator has determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Physician or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or an Out-of-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Medical Excellence or other closely managed specialty network, or who has a participation contract with the Claims Administrator. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with the Claims Administrator to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may

receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit www.anthem.com.

Providers who have not signed any contract with the Claims Administrator and are not in any of the Claims Administrator's networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers.

We will calculate the Maximum Allowed Amount for Covered Services You receive from an Out-of-Network Provider using one of the following:

1. An amount based on the Claims Administrator's Out-of-Network Provider fee schedule/rate, which the Claims Administrator has established at its discretion, and which the Claims Administrator reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with the Claims Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement, and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, the Administrator will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Provider's fees and costs to deliver care; or
4. An amount negotiated by the Claims Administrator or a third-party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider; or
6. An amount as required by applicable state law.

Providers who are not contracted for this product, but contracted for other products with the Claims Administrator, are also considered Out-of-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount or if Your claim involves a Surprise Billing Claim.

For Covered Services rendered outside the Claims Administrator's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating Provider fee schedule/rate or the pricing arrangements required by applicable state or Federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing the Plan would use if the healthcare services had been obtained within the Claims Administrator's Service Area, or a special negotiated price.

Unlike Network Providers, Out-of-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds the Plan's Maximum Allowed Amount unless Your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower Out-of-Pocket costs to You. Please call Member Services for help in finding a Network Provider or visit the Claims Administrator's website at www.anthem.com.

Member Services is also available to assist You in determining this Plan's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for the Claims Administrator to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your Out-of-Pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your cost-share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost-share amount and Out-of-Pocket Limits may vary depending on whether You received services from a Network or Out-of-Network Provider. Specifically, You may be required to pay higher cost sharing amounts or may have limits on Your benefits when using Out-of-Network Providers. Please refer to the Schedule of Benefits in this Benefit Booklet for Your cost-share responsibilities and limitations, or call Member Services to learn how this Plan's benefits or cost-share amounts may vary by the type of Provider You use.

The Plan will not provide any reimbursement for Non-Covered Services. You may be responsible for the total amount billed by Your Provider for Non-Covered Services, regardless of whether such services are performed by a Network or Out-of-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of this Benefit Booklet and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

The Claims Administrator and/or its designated Pharmacy Benefits Manager may receive discounts, rebates, or other funds from Drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Plan and which positively impact the cost-effectiveness of Covered Services. These amounts are retained by the Claims Administrator. These amounts will not be applied to Your Deductible, if any, or taken into account in determining Your Copayment or Coinsurance.

Authorized Services

In some circumstances, such as where there is no Network Provider available for the Covered Service, the Plan may authorize the Network cost-share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from an Out-of-Network Provider (this is referred to as "In-For-Out Benefit Treatment"). In such circumstance, You must contact the Claims Administrator in advance of obtaining the Covered Service in order to get approval for In-For-Out Benefit Treatment. The Plan will authorize the Network cost-share amounts to apply to a claim for Covered Services if You receive Emergency Services from an Out-of-Network Provider. If the Plan authorizes a Network cost-share amount for Non-Emergency Care for Covered Services provided by an Out-of-

Network Provider, You also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless Your claim involves a Surprise Billing Claim. Please contact Member Services for Authorized Services information or to request authorization.

Services Performed During Same Session

The Plan may combine the reimbursement of Covered Services when more than one service is performed during the same session. Reimbursement is limited to the Plan's Maximum Allowed Amount. If services are performed by Out-of-Network Providers, then You are responsible for any amounts charged in excess of the Plan's Maximum Allowed Amount with or without a referral or regardless if allowed as an Authorized Service. Contact the Claims Administrator for more information.

Processing Your Claim

You are responsible for submitting Your claims for expenses not normally billed by and payable to a Hospital or Physician. Always make certain You have Your Identification Card with You. Be sure Hospital or Physician's office personnel copy Your name, and identification numbers (including the 3-letter prefix) accurately when completing forms relating to Your coverage.

Timeliness of Filing for Member Submitted Claims

To receive benefits, a properly completed claim form with any necessary reports and records must be filed by You within 12 months of the date of service. Payment of claims will be made as soon as possible following receipt of the claim unless more time is required because of incomplete or missing information. In this case, You will be notified of the reason for the delay and will receive a list of all information needed to continue processing Your claim. After this data is received, the Claims Administrator will complete claims processing. No request for an adjustment of a claim can be submitted later than 24 months after the claim has been paid.

Necessary Information

In order to process Your claim, the Claims Administrator may need information from the Provider of the service. As a Member, You agree to authorize the Physician, Hospital, or other Provider to release necessary information.

The Claims Administrator will consider such information confidential. However, the Plan and the Claims Administrator have the right to use this information to defend or explain a denied claim.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee. If applicable, we will include any such surcharge, tax, or other fee as part of the claim charge passed on to You.

Claims Review

The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse, and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balance billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse, and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balance billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments, and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation, or any other governmental program. If You fail to cooperate, You will be responsible for any charge for services.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement sent by the Claims Administrator, to help You understand the coverage You are receiving. The EOB shows:

- total amounts charged for services/supplies received;
- the amount of the charges satisfied by Your coverage;
- the amount for which You are responsible (if any); and
- general information about Your appeals rights and for ERISA plans, information regarding the right to bring an action after the appeals process.

Inter-Plan Arrangements

Out-of-Area Services

Anthem has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever You access healthcare services outside the geographic area the Claims Administrator serves (the Anthem “Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of the Anthem Service Area, You will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating Providers”) don’t contract with the Host Blue. Explained below is how both kinds of Providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that You obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when You receive Covered Services within the geographic area served by a Host Blue, the Claims Administrator will still fulfill its contractual obligations. But the Host Blue is responsible for (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When You receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard® Program, the amount You pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price the Plan used for Your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process Your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount You pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (please refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If You receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Employer on Your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee. If applicable, the Plan will include any such surcharge, tax, or other fee as part of the claim charge passed on to You.

E. Nonparticipating Providers Outside the Claims Administrator's Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem's Service Area by non-participating Providers, the Plan may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or Federal law. In these situations, the amount You pay for such services as Deductible, Copayment, or Coinsurance will be based on that allowed amount. Also, You may be responsible for the difference between the amount that the non-participating Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for Out-of-Network Emergency Services.

2. Exceptions

In certain situations, the Plan may use other pricing methods, such as billed charges or the pricing the Plan would use if the healthcare services had been

obtained within the Anthem Service Area, or a special negotiated price to determine the amount the Plan will pay for services provided by nonparticipating Providers. In these situations, You may be liable for the difference between the amount that the nonparticipating Provider bills and the payment the Plan make for the Covered Services as set forth in this paragraph

F. Blue Cross Blue Shield Global Core® Program

If You plan to travel outside the United States, call Member Services to find out Your Blue Cross Blue Shield Global Core® benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up-to-date health Identification Card with You.

How Claims are Paid with Blue Cross Blue Shield Global Core®

In most cases, when You arrange Inpatient Hospital care with Blue Cross Blue Shield Global Core®, claims will be filed for You. The only amounts that You may need to pay up front are any Copayment, Coinsurance, or Deductible amounts that may apply.

- Doctors services;

- Inpatient Hospital care not arranged through Blue Cross Blue Shield Global Core®; and
- Outpatient services.

You will find the address for mailing the claim on the form.

You will find the address for mailing the claim on the form.

Unauthorized Use of Identification Card

If You permit Your Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage. Fraudulent statements on enrollment forms and/or claims for services or payment involving all media (paper or electronic) may invalidate any payment or claims for services and be grounds for voiding the Member's coverage. This includes fraudulent acts to obtain medical services and/or Prescription Drugs.

Assignment

You authorize the Claims Administrator, in its own discretion and on behalf of the Employer, to make payments directly to Providers for Covered Services. In no event, however, shall the Plan's right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. The Claims Administrator also reserves the right, in its own discretion, to make payments directly to You as opposed to any Provider for Covered Service. In the event that payment is made directly to You, You have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Employer's Plan), or that person's custodial

parent or designated representative. Any payments made by the Claims Administrator (whether to any Provider for Covered Service or You) will discharge the Employer's obligation to pay for Covered Services. You cannot assign Your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable Federal law.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA, if subject to ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage and any benefits under the Plan are not assignable by any Member without written consent of the Plan, except as provided above.

Questions About Coverage or Claims

If You have questions about Your coverage, contact Your Plan Administrator or the Claims Administrator's Member Services Department. Be sure to always give Your Member identification number.

When asking about a claim, give the following information:

- Identification number;
- Patient's name and address;
- Date of service and type of service received; and
- Provider name and address (Hospital or Physician).

To find out if a Hospital or Physician is a Network Provider, call them directly or call the Claims Administrator.

The Plan does not supply You with a Hospital or Physician. In addition, neither the Plan nor the Claims Administrator is responsible for any Injuries or damages You may suffer due to actions of any Hospital, Physician, or other person. In order to

process Your claims, the Claims Administrator or the Plan Administrator may request additional information about the medical treatment You received and/or other group health insurance You may have. This information will be treated confidentially.

An oral explanation of Your benefits by an employee of the Claims Administrator, Plan Administrator, or Plan Sponsor is not legally binding.

Any correspondence mailed to You will be sent to Your most current address. You are responsible for notifying the Plan Administrator or the Claims Administrator of Your new address.

YOUR RIGHT TO APPEAL

The Plan wants Your experience to be as positive as possible. There may be times, however, when You have a complaint, problem, or question about Your Plan or a service You have received. In those cases, please contact Member Services by calling the number on the back of Your Identification Card. The Claims Administrator will try to resolve Your complaint informally by talking to Your Provider or reviewing Your claim. If You are not satisfied with the resolution of Your complaint, You have the right to file an appeal, which is defined as follows:

For purposes of these appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim for benefits under the Plan for which You have not received the benefit or for which You may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the Plan for which You have received the service.

If Your claim is denied or if Your coverage is rescinded:

- You will be provided with a written notice of the denial or rescission; and
- You are entitled to a full and fair review of the denial or rescission.

The procedure the Claims Administrator will follow will satisfy the requirements for a full and fair review under applicable Federal regulations.

Notice of Adverse Benefit Determination

If Your claim is denied, the Claims Administrator’s notice of the adverse benefit determination (denial) will include:

- Information sufficient to identify the claim involved;
- The specific reason(s) for the denial;
- A reference to the specific Plan provision(s) on which the Claims Administrator's determination is based;
- A description of any additional material or information needed to perfect Your claim;
- An explanation of why the additional material or information is needed;
- A description of the Plan’s review procedures and the time limits that apply to them, including a statement of Your right to bring a civil action under ERISA, if

this Plan is subject to ERISA, within one year of the grievance or appeal decision if You submit a grievance or appeal and the claim denial is upheld;

- Information regarding Your potential right to an External Appeal pursuant to Federal law;
- Information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about Your right to request a copy of it free of charge, along with a discussion of the claim's denial decision; and
- Information about the scientific or clinical judgment for any determination based on Medical Necessity or experimental treatment, or about Your right to request this explanation free of charge, along with a discussion of the claim's denial decision.

For claims involving urgent/concurrent care:

- the Claims Administrator's notice will also include a description of the applicable urgent/concurrent review process; and
- the Claims Administrator may notify You or Your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or Your authorized representative must file Your appeal within 180 calendar days after You are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting Your claim. The Claims Administrator's review of Your claim will take into account all information You submit, regardless of whether it was submitted or considered in the initial benefit determination.

The Claims Administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the Claims Administrator to complete its review is dependent upon the type of review involved (e.g., pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, You may obtain an expedited appeal. You or Your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and You by telephone, facsimile, or other similar method. To file an appeal for a claim involving urgent/concurrent care, You or Your authorized representative must contact the Claims Administrator at the number shown on Your Identification Card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the Provider's name;
- the service or supply for which approval of benefits was sought, and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g., Urgent Care). You or Your authorized representative must submit a request for review to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, P.O. Box 105568, Atlanta, Georgia 30348.

You must include Your Member identification number when submitting an appeal.

Upon request, the Claims Administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to Your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the Plan, applied consistently for similarly situated claimants; or
- is a statement of the Plan's policy or guidance about the treatment or benefit relative to Your diagnosis.

The Claims Administrator will also provide You, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with Your claim. In addition, before You receive an adverse benefit determination or review based on a new or additional rationale, the Claims Administrator will provide You, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same Plan to which the claim was filed.

How Your Appeal will be Decided

When the Claims Administrator considers Your appeal, the Claims Administrator will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not Medically Necessary, the reviewer will consult with a healthcare professional who has the appropriate training and experience in the medical field involved in making the judgment. This healthcare professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If You appeal a claim involving urgent/concurrent care, the Claims Administrator will notify You of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of Your request for appeal.

If You appeal any other pre-service claim, the Claims Administrator will notify You of the outcome of the appeal within 30 days after receipt of Your request for appeal.

If You appeal a post-service claim, the Claims Administrator will notify You of the outcome of the appeal within 60 days after receipt of Your request for appeal.

Appeal Denial

If Your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the Claims Administrator will include all of the information set forth in the above section entitled "Notice of Adverse Benefit Determination."

If, after the Plan's denial, the Claims Administrator considers, relies on, or generates any new or additional evidence in connection with Your claim, the Claims Administrator will provide You with that new or additional evidence, free of charge. The Claims Administrator will not base its appeal decision on a new or additional rationale without first providing You (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If the Claims Administrator fails to follow the Appeal procedures outlined under this section the Appeals process may be deemed exhausted. However, the Appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond the Claims Administrator's control.

Voluntary Second Level Appeals

If You are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If You would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to You and it was based on medical judgment, or if it pertained to a rescission of coverage, You may be eligible for an independent External Review pursuant to Federal law.

You must submit Your request for External Review to the Claims Administrator within four (4) months of the notice of Your final internal adverse determination.

A request for an External Review must be in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that You submitted for internal appeal. However, You are encouraged to submit any additional information that You think is important for review.

For pre-service claims involving urgent/concurrent care, You may proceed with an expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the Claims Administrator's internal appeal process. You or Your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and You by telephone, facsimile, or other similar method. To proceed with an expedited External Review, You or Your authorized representative must contact the Claims Administrator at the number shown on Your Identification Card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the Provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

For Surprise Billing Claims, if Your claim for the date of service starting 01/01/2022 and after is not paid in full and is related to Emergency Services or Air Ambulance Services from an Out-of-Network Provider, or Covered Services from an Out-of-Network Provider at a Network Facility, and You believe the Claims Administrator priced those claims as Out-of-Network Benefits, You have the right to request an external review by an Independent Review Organization. If eligible for an independent external review, there is no cost to You. You have four months from the date You receive this letter to ask for an independent external review. Your request must be in writing to the address noted in this section.

All other requests for External Review should be submitted in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by You or Your authorized representative to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, P.O. Box 105568, Atlanta, Georgia 30348.

You must include Your Member identification number when submitting an appeal.

This is not an additional step that You must take in order to fulfill Your appeal procedure obligations described above. Your decision to seek External Review will not affect Your rights to any other benefits under this healthcare Plan. There is no charge for You to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA, if this Plan is subject to ERISA.

Requirement to file an Appeal before filing a lawsuit.

No lawsuit or legal action of any kind related to a benefit decision may be filed by You in a court of law or in any other forum unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal appeals procedure, but not including any voluntary level of appeal, before filing a lawsuit, or taking other legal action of any kind against the Plan. If Your health benefit Plan is sponsored by Your Employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and Your appeal as described above results in an adverse benefit determination, You have a right to bring a civil action under Section 502(a) of ERISA within one year of appeal decision.

The Claims Administrator reserves the right to modify the policies, procedures, and time frames in this section upon further clarification from Department of Health and Human Services and Department of Labor.

COORDINATION OF BENEFITS (COB)

This Coordination of Benefits (COB) provision applies when You have healthcare coverage under more than one Plan.

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Benefit Booklet, e.g., Plan. For this provision only, "Plan" will have the meanings as specified below. In the rest of the Benefit Booklet, Plan has the meaning listed in the Definitions section.

The order of benefit determination rules determines the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms regardless of the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

The Allowable expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than the Plan's Maximum Allowed Amount.

COB Definitions

Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes Group and non-group insurance contracts and subscriber contracts; Health Maintenance Organization (HMO) contracts; uninsured arrangements of group or group-type coverage; coverage under group or non-group closed panel plans; group-type contracts; medical care components of long-term care contracts such as skilled nursing care, medical benefits under group or individual automobile contracts (whether "fault" or

“no fault”); other governmental benefits, except for Medicare, Medicaid or government plan that, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan

2. Plan does not include accident-only coverage; specified disease or specified accident coverage; limited health benefit coverage; benefits for non-medical components of long-term care policies; Hospital indemnity coverage benefits or other fixed indemnity coverage; school accident-type coverages covering grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four (24) hour or “to and from school” basis; and Medicare supplement policies.

Each contract for coverage under items 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means the part of the contract providing healthcare benefits that the COB provision applies to and which may be reduced because of the benefits of other plans. Any other part of the contract providing healthcare benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determines whether this Plan is a Primary Plan or Secondary Plan when You have healthcare coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense is a healthcare expense, including Deductibles, Coinsurance, and Copayments, that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering You is not an Allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable expense; however,

if a Provider has a contractual agreement with both the Primary and Secondary Plans, then the higher of the contracted fees is the Allowable expense, and the Provider may charge up to the higher contracted fee.

The following are non-Allowable expenses:

1. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable expense, unless one of the Plans provides coverage for private Hospital room expenses.
2. If You are covered by 2 or more plans that calculate their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement methods, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If You are covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement will be the Allowable expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment will be the Allowable expense used by the Secondary Plan to determine its benefits.
5. The amount that is subject to the Primary high Deductible health plan's Deductible, if the Claims Administrator has been advised by You that all Plans covering You are high Deductible health plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

Closed panel plan is a plan that provides healthcare benefits primarily in the form of services through a panel of Providers that contract with or are employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation

Order of Benefit Determination Rules

When You are covered by two or more plans, the rules for determining the order of benefit payments are:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.

1. Except as provided Paragraph 2 below, a Plan that does not contain a Coordination of Benefits provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.
2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage will be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide Out-of-Network benefits.

A Plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule 1 – Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an Employee, Member, policyholder, subscriber, or retiree is the Primary Plan, and the Plan that covers You as a Dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of Federal law, Medicare is secondary to the Plan covering You as a Dependent and primary to the Plan covering You as other than a Dependent (e.g., a retired

employee), then the order of benefits between the two Plans is reversed so that the Plan covering You as an Employee, Member, policyholder, subscriber, or retiree is the Secondary Plan and the other Plan covering You as a Dependent is the Primary Plan.

Rule 2 – Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

1. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
2. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - the Plan covering the custodial parent;
 - the Plan covering the Spouse of the custodial parent;
 - the Plan covering the non-custodial parent; and then,
 - the Plan covering the Spouse of the non-custodial parent.
 - If a court decree states that one of the parents is responsible for the Dependent child's healthcare expenses or healthcare coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Plan Years commencing after the plan is given notice of the court decree;
 - If a court decree states that both parents are responsible for the Dependent child's healthcare expenses or healthcare coverage, the provisions of 1. above will determine the order of benefits;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the healthcare expenses or healthcare coverage of the Dependent child, the provisions of 1. above will determine the order of benefits; or
 - If there is no court decree assigning responsibility for the Dependent child's healthcare expenses or healthcare coverage, the order of benefits for the child are as follows:

3. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of items 1. or 2. above will determine the order of benefits as if those individuals were the parents of the child.
4. For a Dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a Spouse's plan, Rule 5 applies. In the event the Dependent child's coverage under the Spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits will be determined by applying the birthday rule in item 1. above to the Dependent child's parent(s) and the Dependent's Spouse.

Rule 3 – Active Employee or Retired or Laid-off Employee. The Plan that covers You as an active Employee, that is, an Employee who is neither laid-off nor retired, is the Primary Plan. The Plan also covering You as a retired or laid-off Employee is the Secondary Plan. The same would hold true if You are a Dependent of an active Employee and You are a Dependent of a retired or laid-off Employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if "Rule 1 – Non-Dependent or Dependent" can determine the order of benefits.

Rule 4 – COBRA. If You are covered under COBRA or under a right of continuation provided by other Federal law and are covered under another Plan, the Plan covering You as an Employee, Member, subscriber, or retiree, or covering You as a Dependent of an Employee, Member, subscriber, or retiree is the Primary Plan and the COBRA or other Federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if "Rule 1 – Non-Dependent or Dependent" can determine the order of benefits. This rule does not apply when the person is covered either: (a) as a non-Dependent under both Plans (i.e., the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the Group Health Plan as an Employee or as a retired Employee and is covered under his or her own Plan as an Employee, Member, subscriber, or retiree); or (b) as a Dependent under both plans (i.e., the person is covered under a right of continuation as a qualified

beneficiary who, on the day before a qualifying event, was covered under the Group Health Plan as Dependent of an Employee Member or, Member, subscriber, or retired Employee and is covered under the other plan as a Dependent of an Employee, Member, subscriber, or retiree).

Rule 5 – Longer or Shorter Length of Coverage. The Plan that covered You longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

Rule 6 – If the preceding rules do not determine the order of benefits, the Allowable expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal Injury protection policy regardless of any election made by anyone to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any Coordination of Benefits term to the contrary.

Effect on the Benefits of this Plan

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan Year are not more than the total Allowable expenses. In determining the amount to be paid for any claim the Secondary Plan will calculate the benefits it would have paid in the absence of other healthcare coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim.

Because the Allowable expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan will credit to its Plan Deductible any amount it would have credited to its Deductible in the absence of other healthcare coverage.

If You are enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one closed panel plan, COB will not apply between that Plan and other closed panel plans.

Right to Receive and Release Needed Information

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Claims Administrator may get the facts it needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. The Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give the Claims Administrator any facts the Claims Administrator needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by This Plan is more than should have paid under this COB provision, the Plan may recover the excess from one or more of the persons:

1. the Plan has paid or for whom the Plan have paid; or
2. any other person or organization that may be responsible for the benefits or services provided for the Member.

The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

To the extent permitted by law, this Plan will pay benefits second to Medicare when You become eligible for Medicare, even if You don’t elect it. There are, however, Medicare-eligible individuals for whom the Plan pays benefits first and Medicare pays benefits second:

- Subscribers with active current employment status age 65 or older and their Spouses age 65 or older, and
- individuals with end-stage renal disease, for a limited period of time.

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable expense, as long as the Provider accepts Medicare. If the Provider does not accept Medicare, the Medicare limiting charge (the most a Provider can charge You if they don’t accept Medicare) will be the Allowable expense. Medicare payments, combined with Plan benefits, will not exceed 100% of the total Allowable expense.

If You are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, benefits payable under this Plan will be reduced by the amount that would have been paid if You had been enrolled in Medicare.

SUBROGATION AND REIMBURSEMENT

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of Injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, "You" or "Your" includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former Plan participants and Plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan's rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally impaired persons. If the Member is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the Member's relatives, heirs, and/or assignees make any Recovery because of Injuries sustained by the Member, or because of the death of the Member, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers' compensation insurance or fund, premises medical payments coverage, restitution or "no-fault" or personal Injury protection insurance, and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement, or otherwise. Regardless of how You or Your representative or any agreements allocate or characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of Recovery with respect to any claim or potential claim against any party, due to an Injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on Your behalf from any party or insurer responsible for compensating You for Your illnesses or Injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any Recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an Injury, illness, or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that Injury, illness, or condition, up to and including the full amount of Your Recovery. If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses, and/or Injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal Injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any Coordination of Benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement provisions, You agree to assign to the Plan any benefits or claims or rights of Recovery You have under any automobile policy or other coverage, to the full extent of the Plan's Subrogation and Reimbursement claims. This assignment allows the Plan to pursue any claim You may have regardless of whether You choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of Your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full Recovery, in first priority, against any Recovery You make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to Your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full Recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to Your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, You agree that if You receive any payment as a result of an Injury, illness, or condition, You will serve as a constructive trustee over those funds. You and Your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of Your fiduciary duty to the Plan. Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of Your illness, Injury, or condition upon any Recovery related to treatment for any illness, Injury, or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, You, Your representative or agent, and /or any other source possessing funds from Your Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust, or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation, or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before You receive any Recovery for Your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make You whole or to compensate You in part or in whole for the losses, Injuries, or illnesses You sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses, or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses, or costs You incur. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when, and where an accident or incident resulting in personal Injury or illness to You occurred, all information regarding the parties involved, and any other information requested by the Plan.
- You must notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your Injury, illness, or condition.
- You must cooperate with the Plan in the investigation, settlement, and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and Your agents shall provide all information requested by the Plan, the Claims Administrator, or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal Injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or Recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices, or other papers received in connection with the accident or incident resulting in personal Injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs, or if potentially dispositive motions are filed in a case.

In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery, whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.

You acknowledge the Plan has the right to conduct an investigation regarding the Injury, illness, or condition to identify potential sources of Recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified You that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 et seq, to share Your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

GENERAL INFORMATION

Entire Agreement

This Benefit Booklet, the Administrative Services Agreement, the Employer's application, any Riders, Endorsements, or attachments, and the individual applications of the subscribers and Members, if any, constitute the entire agreement between the Claims Administrator and the Employer and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Claims Administrator by the Employer, and any and all statements made to the Employer by the Claims Administrator, are representations and not warranties, and no such statement unless it is contained in a written application for coverage under the Plan, shall be used in defense to file a claim under the Plan.

Form or Content of Benefit Booklet

No agent or Employee of the Claims Administrator is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by an officer of the Employer.

Circumstances beyond the Control of the Plan

In the event of circumstances not within the control of the Claims Administrator or Employer, including but not limited to: a major disaster, epidemic, the complete or partial destruction of Facilities, riot, civil insurrection, labor disputes not within the control of the Claims Administrator, impairment of a significant part of a Network Provider's personnel or similar causes, or the rendering of healthcare services provided by the Plan is delayed or rendered impractical, the Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In such event, the Claims Administrator and Network Providers shall administer and render services under the Plan insofar as practical, and according to their best judgment, but the Claims Administrator and Network Providers shall incur no liability or obligation for delay, or failure to administer or arrange for services if such failure or delay is caused by such an event.

Protected Health Information under HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer's Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide You with a Notice of Privacy Practices. This notice sets forth the Employer's rules regarding the disclosure of Your information and details about a number of individual rights You have under the Privacy Regulations. As the Claims Administrator of Your Employer's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If You would like a copy of Anthem's Notice, contact the Member Services number on Your Identification Card.

Workers' Compensation

The benefits under the Plan are not designed to duplicate any benefit for which Members are eligible under the Workers' Compensation Law. All sums paid or payable by Workers' Compensation for services provided to a Member shall be reimbursed by, or on behalf of, the Member to the Plan to the extent the Plan has made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Workers' Compensation or equivalent Employer liability or indemnification law.

Other Government Programs

Except insofar as applicable law would require the Plan to be the primary payer, the benefits under the Plan shall not duplicate any benefits to which Members are entitled, or for which they are eligible under any other governmental program. To the extent the Plan has duplicated such benefits, all sums payable under such programs for services to Members shall be paid by or on behalf of the Member to the Plan.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to Federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and Federal law.

Except when Federal law requires us to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to You shall be reimbursed by or on Your behalf to us, to the extent we have made payment for such services. If You do not enroll in Medicare Part B when You are eligible, You may have large out-of-pocket costs. Please refer to [Medicare.gov](https://www.medicare.gov) for more details on when You should enroll, and when You are allowed to delay enrollment without penalties.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustment to claims.

The Claims Administrator has oversight responsibility for compliance with Provider and vendor contracts. The Claims Administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any Recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, the Claims Administrator has established Recovery and adjustment policies to determine which Recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise Recovery or adjustment amounts. The Claims Administrator will not pursue Recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on Network claims and on Out-of-Network claims where the Out-of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Relationship of Parties (Employer – Member - Claims Administrator)

Neither the Employer nor any Member is the agent or representative of the Claims Administrator.

The Employer is a fiduciary agent of the Member. The Claims Administrator's notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify the Claims Administrator of eligibility data in a timely manner. The Claims Administrator is not responsible for payment of Covered Services of Members if the Employer fails to provide the Claims Administrator with timely notification of Member enrollments or terminations.

Relationship of Parties (Claims Administrator – Network Providers)

The relationship between the Claims Administrator and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of the Claims Administrator, nor is the Claims Administrator, or any employee of the Claims Administrator, an employee or agent of Network Providers.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers, Out-of-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or the Claims Administrator.

Anthem Note

The Employer, on behalf of itself and its Members, hereby expressly acknowledges its understanding that the Administrative Services Agreement (which includes this Benefit Booklet) constitutes a contract solely between the Employer and Anthem, and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other

Blue Cross and/or Blue Shield plan or licensee. This paragraph shall not create any additional obligations whatsoever on the part of Anthem other than those obligations created under other provisions of the Administrative Services Agreement or this Benefit Booklet.

Notice

Any notice given under the Plan shall be in writing. The notices shall be sent to: The Employer at its principal place of business and/or to You at the subscriber's address as it appears on the records or in care of the Employer.

Modifications or Changes in Coverage

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Fraud

Fraudulent statements on Plan enrollment forms or on electronic submissions will invalidate any payment or claims for services and be grounds for voiding the Member's coverage.

Acts beyond Reasonable Control (Force Majeure)

Should the performance of any act required by this coverage be prevented or delayed by reason of any act of God, strike, lock-out, labor troubles, restrictive government laws or regulations, or any other cause beyond a party's control, the time for the performance of the act will be extended for a period equivalent to the period of delay, and non-performance of the act during the period of delay will be excused. In such an event, however, all parties shall use reasonable efforts to perform their respective obligations.

The Claims Administrator will adhere to the Plan Sponsor's instructions and allow the Plan Sponsor to meet all of the Plan Sponsor's responsibilities under applicable state and Federal law. It is the Plan Sponsor's responsibility to adhere to all applicable state and Federal laws and the Claims Administrator does not assume any responsibility for compliance.

Conformity with Law

Any provision of the Plan which is in conflict with the applicable Federal laws and regulations is hereby amended to conform with the minimum requirements of such laws.

Clerical Error

Clerical error, whether of the Claims Administrator or the Employer, in keeping any record pertaining to this coverage will not invalidate coverage otherwise validly in force or continue benefits otherwise validly terminated.

Policies, Procedures, and Pilot Programs

The Claims Administrator, on behalf of the Employer, may adopt reasonable policies, procedures, rules, and interpretations to promote the orderly and efficient administration of the Plan with which a Member shall comply.

Under the terms of the Administrative Service Agreement with Your Employer, the Claims Administrator has the authority, at its discretion, to institute from time to time, utilization management, care management, case management, clinical quality, disease management, or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of the Claims Administrator's ongoing effort to find innovative ways to make available high-quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. . The Claims Administrator reserves the right to discontinue a pilot initiative at any time without advance notice to the Employer.

Value-Added Programs

The Claims Administrator may offer health or fitness related programs to Members, through which You may access discounted rates from certain vendors for products and services available to the general public. Products and services available under

this program are not Covered Services under the Plan but are in addition to Plan benefits. As such, program features are not guaranteed under Your Employer's Group Health Plan and could be discontinued at any time. The Claims Administrator does not endorse any vendor, product, or service associated with this program. Program vendors are solely responsible for the products and services You receive.

Waiver

No agent or other person, except an authorized officer of the Employer, has authority to waive any conditions or restrictions of the Plan, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Claims Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

The Claims Administrator shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member appeals and to make, establish, and amend the rules, regulations, and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. The Claims Administrator's determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable appeals procedures.

Governmental Healthcare Programs

Under Federal law, for groups with 20 or more Employees, all active Employees (regardless of age) can remain on the Group's Health Plan and receive group benefits as primary coverage. Also, Spouses (regardless of age) of active Employees can remain on the Group's Health Plan and receive group benefits as primary coverage. Direct any questions about Medicare eligibility and enrollment to Your local Social Security Administration office.

Medical Policy and Technology Assessment

The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental/Investigational status or Medical Necessity of new technology. Guidance and external validation of the Claims Administrator's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Physicians from various medical specialties, including the Claims Administrator's medical directors, Physicians in academic medicine, and Physicians in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply, or equipment is covered.

Payment Innovation Programs

The Claims Administrator pays Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of healthcare services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by the Claims Administrator from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-

defined quality, cost, efficiency, or service standards or metrics. In some instances, Network Providers may be required to make payment to the Claims Administrator under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to healthcare. The Program payments are not made as payment for specific Covered Services provided to You but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by or to the Claims Administrator under the Program(s), and You do not share in any payments made by Network Providers to the Claims Administrator under the Program(s).

Care Coordination

The Plan pays Network Providers in various ways to provide Covered Services to You. For example, sometimes the Plan may pay Network Providers a separate amount for each Covered Service they provide. The Plan may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, the Plan may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, the Plan may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of healthcare services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to the Plan because they did not meet certain standards. You do not share in any payments made by Network Providers to the Plan under these programs.

Program Incentives

The Plan may offer incentives from time to time, at its discretion, in order to introduce You to covered programs and services available under this Plan. The Plan may also offer with discretion the ability for You to participate in certain voluntary health or condition-focused digital applications, or use other technology-based interactive tools, or receive educational information to help You stay engaged and motivated, manage Your health, and assist in Your overall health and well-being. The purpose of these programs and incentives includes, but is not limited to, making You aware of cost-effective benefit options or services, helping You achieve Your best health, and encouraging You to update member-related information.

These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost-shares. Acceptance of these incentives is voluntary as long as the Plan offers the incentives program. Motivational rewards, awards, or points for achieving certain milestones may be a feature of the program. The Plan may discontinue a program or an incentive for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, it is recommended that You consult Your tax advisor.

Confidentiality and Release of Information

Applicable state and Federal law require us to undertake efforts to safeguard Your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use, and disclosure of Your medical information is available on our website and can be furnished to You upon request by contacting our Member Services department.

Obligations that arise under state and Federal law and policies and procedures relating to privacy that are referenced but not included in this Benefit Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

WHEN COVERAGE TERMINATES

Termination of Coverage (Individual)

Membership for You and Your enrolled family members may be continued as long as You are employed by the employer and meet eligibility requirements. It ceases if Your employment ends, if You no longer meet eligibility requirements, if the Plan ceases, or if You fail to make any required contribution toward the cost of Your coverage. In any case, Your coverage would end at the expiration of the period covered by Your last contribution.

Coverage of an enrolled child ceases automatically when the child attains the age limit shown in the **Eligibility** section. Coverage of an impaired child over age 26 ceases if the child is found to be no longer totally or permanently impaired.

Coverage of the Spouse of a subscriber terminates automatically as of the date of divorce or death.

Continuation of Coverage (Federal Law COBRA)

If Your coverage ends under the Plan, You may be entitled to elect continuation coverage in accordance with Federal law. If Your Employer normally employs 20 or more people, and Your employment is terminated for any reason other than gross misconduct, You may elect from 18-36 months of continuation benefits. You should contact Your Employer if You have any questions about Your COBRA rights.

Qualifying Events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when Your group coverage would otherwise end because of certain “qualifying events.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, Your Spouse, and Your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of Your family who is enrolled in the company’s Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of

annual enrollment. Covered subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<u>For Employees</u> Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction in Hours Worked.	18 months
<u>For Spouses/Dependents</u> A Covered Employee's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction in Hours Worked. Covered Employee's Entitlement to Medicare Divorce or Legal Separation Death of a Covered Employee	18 months 36 months 36 months 36 months
<u>For Dependents</u> Loss of Dependent Child Status	36 months

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the

Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if You become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for Your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

If You are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to Your Employer, and that bankruptcy results in the loss of coverage, You will become a qualified beneficiary with respect to the bankruptcy. Your surviving Spouse and Dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life. His or her Spouse and Dependents may continue coverage for a maximum period of up to 36 months following the date of the retiree's death.

Second Qualifying Event

If Your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, Your Spouse and Dependent children can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused Your Spouse or Dependent children to lose coverage under the Plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

Notification Requirements

In the event of Your termination, lay-off, reduction in work hours, or Medicare entitlement, Your Employer must notify the company's benefit Plan Administrator within 30 days. You must notify the company's benefit Plan Administrator within 60 days of Your divorce, legal separation, or the failure of Your enrolled Dependents to meet the program's definition of Dependent. This notice must be provided in writing to the Plan Administrator. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

To continue enrollment, You or an eligible family member must make an election within 60 days of the date Your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies You or Your family member of this right, whichever is later. You must pay the total premium appropriate for the type of benefit coverage You choose to continue. If the premium rate changes for active associates, Your monthly premium will also change. The premium You must pay cannot be more than 102% of the premium charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial premium payment must be made before 45 days after the initial election for continuation coverage, or Your continuation rights will be forfeited.

For Employees who are determined, at the time of the qualifying event, to be impaired under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become impaired during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Employees' Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be impaired.) This provision would only apply if the qualified beneficiary provides notice of impairment status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the impaired at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be impaired, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligibility Individual

If You don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused You to be eligible initially for COBRA coverage under this Plan, You will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which You become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

These benefits are available without proof of insurability and coverage will end on the earliest of the following:

- a covered individual reaches the end of the maximum coverage period;
- a covered individual fails to pay a required premium on time;
- a covered individual becomes covered under any other Group Health Plan after electing COBRA;
- a covered individual becomes entitled to Medicare after electing COBRA; or
- the group terminates all of its group welfare benefit plans.

Other Coverage Options besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicaid, or other Group Health Plan coverage options (such as a Spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning Your Group's health Plan and Your COBRA continuation coverage rights should be addressed to the Employer. For more information about Your rights under ERISA, if this Plan is subject to ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting Group Health Plans, contact the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA) in Your area, or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage during Military Leave (USERRA)

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Member may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the Plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the Employer of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the Plan for a period of 24 months from the date the military leave commences or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the Employer. During military leave, the Employee is required to pay the Employer for the entire cost of such coverage, including any elected Dependents' coverage. However, if the Employee's absence is less than 31 days, the Employer must continue to pay its portion of the premiums and the Employee is only required to pay his or her share of the premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the Employer must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her Employer of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the Employer upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee's reinstatement of coverage.

Continuation of Coverage Due to Family and Medical Leave (FMLA)

An Employee may continue membership in the Plan as provided by the Family and Medical Leave Act. An Employee who has been employed at least one year, within the previous 12 months, is eligible to choose to continue coverage for up to 12 weeks of unpaid leave for the following reasons:

- the birth of the Employee's child;
- the placement of a child with the Employee for the purpose of adoption or foster care;
- to care for a seriously ill Spouse, child, or parent; or,
- a serious health condition rendering the Employee unable to perform his or her job.

If the Employee chooses to continue coverage during the leave, the Employee will be given the same healthcare benefits that would have been provided if the Employee were working with the same premium contribution ratio. If the Employee's premium for continued membership in the Plan is more than 30 days late, the Employer will send written notice to the Employee. It will tell the Employee that his or her membership will be terminated and what the date of the termination will be if payment is not received by that date. This notice will be mailed at least 15 days before the termination date.

If membership in the Plan is discontinued for non-payment of premium, the Employee's coverage will be restored to the same level of benefits as those the Employee would have had if the leave had not been taken and the premium payment(s) had not been missed. This includes coverage for eligible Dependents. The Employee will not be required to meet any qualification requirements imposed by the Plan when he or she returns to work. This includes new or additional waiting periods; waiting for an open enrollment period; or passing a medical exam to reinstate coverage.

Please contact Your Human Resources Department for state specific Family and Medical Leave Act information.

Coordination of Benefits

A provision that is intended to avoid claims payment delays and duplication of benefits when a person is covered by two or more plans providing benefits or services for medical, dental, or other care or treatment. It avoids claims payment delays by establishing an order in which plans pay their claims and providing an authority for the orderly transfer of information needed to pay claims promptly. It may avoid duplication of benefits by permitting a reduction of the benefits of a plan when, by the rules established by this provision, it does not have to pay its benefits first.

Copayment

A cost-sharing arrangement in which a Member pays a specified charge for a Covered Service, such as the Copayment indicated in the Schedule of Benefits for an office visit. The Member is usually responsible for payment of the Copayment at the time the healthcare is rendered. Copayments are distinguished from Coinsurance as flat dollar amounts rather than percentages of the charges for services rendered and are typically collected by the Provider when services are rendered. Your Copayment will be the lesser of the amount shown in the **Schedule of Benefits** or the Maximum Allowed Amount.

Examples of Custodial Care include, but are not limited to, assistance in walking, getting in and out of bed, bathing, dressing, feeding, using the toilet, changes of dressings of non-infected, post-operative or chronic conditions, preparation of special diets, supervision of medication that can be self-

Any service not deemed Experimental/Investigative based on the criteria above may still be deemed Experimental/Investigative by the Claims Administrator. In determining whether a service is Experimental/Investigative, the Claims Administrator will consider the information described below and assess whether:

- the scientific evidence is conclusory concerning the effect of the service on health outcomes;
- the evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
- the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
- the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

The information considered or evaluated by the Claims Administrator to determine whether a Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative under the above criteria may include one or more items from the following list which is not all inclusive.

documents of an IRB or other similar body performing substantially the same function; or
- consent document(s) and/or the written protocol(s) used by the treating Physicians, other medical professionals, or Facilities or by other treating Physicians, other medical professionals, or Facilities studying substantially the same Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
- medical records; or
- the opinions of consulting Providers and other experts in the field.

The Claims Administrator has the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative.

The most appropriate procedure, supply, equipment, or service must meet the following requirements:

1. There must be valid scientific evidence to show that the expected health benefits from the procedure, supply, equipment, or service are clinically significant and will have a greater chance of benefit, without a disproportionately greater risk of harm or complications, than other possible treatments; and
2. Generally approved forms of treatment that are less invasive have been tried and did not work or are otherwise unsuitable; and

3. For Hospital stays, acute care as an Inpatient is needed due to the kind of services the patient needs or the severity of the medical condition, and that safe and adequate care cannot be given as an outpatient or in a less intensive medical setting.

The most appropriate procedure, supply, equipment, or service must also be cost-effective compared to other alternative interventions, including no intervention or the same intervention in an alternative setting. Cost-effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of Your illness, Injury, or disease, the service is: (1) not more costly than another service or group of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate. For example, we will not provide coverage for an Inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a Specialty Drug provided in the outpatient department of a Hospital if the Drug could be provided in a Physician's office or the home setting.

HEALTH BENEFITS COVERAGE UNDER FEDERAL LAW

Choice of Primary Care Physician

The Plan generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in the Claims Administrator's Network and who is available to accept You or Your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of Your Identification Card or please refer to the Claims Administrator's website, www.anthem.com. For children, You may designate a pediatrician as the PCP.

You do not need Prior Authorization from the Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a healthcare professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services or following a pre-approved treatment plan, or procedures for making referrals. Statement of Rights under the Newborns' and Mother's Protection Act

Group Health Plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider (e.g., Your Physician, nurse midwife, or Physician assistant), after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the Plan or the insurance issuer for

prescribing a length of stay not in excess of 48 hours (or 96 hours). However, to use certain Providers or Facilities, or to reduce Your Out-of-Pocket costs, You may be required to obtain Precertification. For information on Precertification, contact Your Plan Administrator.

Also, under Federal law, plans may not set the level of benefits or Out-of-Pocket costs so that any later portion of the 48-hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

Statement of Rights under the Women's Cancer Rights Act of 1998

If You have had or are going to have a mastectomy, You may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). - treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. See the Schedule of Benefits.

If You would like more information on WHCRA benefits, call Your Plan Administrator.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If You or Your Spouse are required, due to a QMCSO, to provide coverage for Your child(ren), You may ask Your Employer or Plan Administrator to provide You, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate quantitative treatment limitations (day or visit limits) on mental health and substance use disorder benefits with day/visit limits on medical /surgical benefits. In general, Group Health Plans offering mental health and substance use disorder benefits cannot set day/visit limits on mental health or substance use disorder benefits that are more restrictive than the predominant limit applicable to substantially all of the day/visit limits for medical and surgical benefits within a benefit classification (e.g., Inpatient, outpatient, Emergency Service, etc.). A Plan that does not impose day/visit limits on medical and surgical benefits may not impose such day/visit limits on mental health and substance use disorder benefits offered under the Plan within the same benefit classification. Also, the Plan may not impose Deductibles, Copayment/Coinsurance, and Out-of-Pocket expenses on mental health and substance use disorder benefits that are more restrictive than Deductibles, Copayment/Coinsurance, and Out-of-Pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request. Please refer to the Schedule of Benefits section in this Benefit Booklet for specific details.

Special Enrollment Notice

If You are declining enrollment for yourself or Your Dependents (including Your Spouse) because of other health insurance coverage, You may in the future be able to enroll yourself or Your Dependents in this Plan, if You or Your Dependents lose eligibility for that other coverage (or if the Employer stops contributing towards You or Your Dependents' other coverage). However, You must request enrollment within 31 days after You or Your Dependents' other coverage ends (or after the Employer stops contributing toward the other coverage).

In addition, if You have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, You may be able to enroll yourself and Your Dependents. However, You must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligible Employees and Dependents may also enroll under two additional circumstances:

- the Employee's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program).

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call the Member Services telephone number on Your Identification Card, or contact Your Plan Administrator.

Consolidated Appropriations Act of 2021

The Consolidated Appropriations Act of 2021 (CAA) is a Federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at a Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under Your Plan:

- Without the need for Precertification;
- Whether the Provider is Network or Out-of-Network;

If the Emergency Services You receive are provided by an Out-of-Network Provider, Covered Services will be processed at the Network benefit level.

Note that if You receive Emergency Services from an Out-of-Network Provider, Your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by a Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles, and/or Coinsurance) will apply to Your claim if the treating Out-of-Network Provider determines You are stable, meaning You have been provided necessary Emergency Care such that Your condition will not materially worsen and the Out-of-Network Provider determines: (i) that You are able to travel to a Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) You are in condition to receive the information and provide informed consent. If You continue to receive services from the Out-of-Network Provider after You are stabilized, You will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge You any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This notice and consent exception do not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service

Out-of-Network Services Provided at a Network Facility

When You receive Covered Services from an Out-of-Network Provider at a Network Facility, Your claims will be paid at the Out-of-Network benefit level if the Out-of-Network Provider gives You proper notice of its charges, and You give written consent to such charges. This means You will be responsible for Out-of-Network cost-shares for those services and the Out-of-Network Provider can also charge You any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) Intensivists; and (J) any services set out by the U.S. Department of Health & Human Services. In addition, Anthem will not apply this notice and consent process to You if Anthem does not have a Network Provider in Your area who can perform the services You require.

Post-stabilization

Post-stabilization consists of a four-part test:

1. The attending Physician determines that the Member is able to travel using nonmedical transportation to a Network Provider or Facility within a reasonable distance, taking into consideration the Member's medical condition;
2. The Network Provider/Facility satisfies notice and consent criteria;
3. The Member or their authorized representative must be in the condition to provide informed and voluntary consent; and
4. The Network Provider/Facility must satisfy any additional state law requirements.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

- By obtaining Your written consent not later than 72 hours prior to the delivery of services; or
- If the notice and consent is given on the date of the service, if You make an appointment within 72 hours of the services being delivered.

How Cost-Shares Are Calculated

The Maximum Allowed Amount will be used to determine payment for Emergency Care from an Out-of-Network Provider. However, Member cost-share will be based on the median Plan Network contract rate paid to Network Providers for the geographic area where the service is provided.

Appeals

If You receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at a Network Facility and believe those services are covered by the No Surprises Act, You have the right to appeal that claim. If Your appeal of a Surprise Billing Claim is denied, then You have a right to appeal the adverse decision to an Independent Review Organization as set out in the Your Right To Appeal section of this Benefit Book.

Provider Directories

Anthem is required to confirm the list of Network Providers in its Provider directory every 90 days. If You can show that You received inaccurate information from Anthem that a Provider was listed as in Network on a particular claim, then You will

only be liable for Network cost-shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your Network cost-shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides at its website, [anthem.com](https://www.anthem.com), protections with respect to Surprise Billing Claims by Providers, including information on how to contact state and Federal agencies if You believe a Provider has violated the No Surprises Act. You can find this information directly at <https://www.anthem.com/no-surprise-billing/>

You may also obtain the following information on Anthem's website or by calling Member Services at the phone number on the back of Your Identification Card:

- Cost sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing/directory of all Network Providers.

In addition, Anthem will provide access through its website to the following information:

- Network negotiated rates; and
- Historical Out-of-Network rates.

Statement of ERISA Rights

Please note: This section applies to Employer sponsored plans other than Church Employer groups and government groups. If You have questions about whether this Plan is governed by ERISA, please contact the Plan Administrator (the Group).

The Employee Retirement Income Security Act of 1974 (ERISA) entitles You, as a Member of the Group under this Contract, to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations such as worksites and union halls, all Plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by this Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions;

- Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for these copies; and
- Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for You and other Employees, ERISA imposes duties on the people responsible for the operation of Your Employee benefit plan. The people who operate Your Plan are called Plan fiduciaries. They must handle Your Plan prudently and in the best interest of You and other Plan participants and beneficiaries. No one, including Your Employer, Your union, or any other person, may fire You or otherwise discriminate against You in any way to prevent You from obtaining a welfare benefit or exercising Your right under ERISA. If Your claim for welfare benefits is denied, in whole or in part, You must receive a written explanation of the reason for the denial. You have the right to have Your claims reviewed and reconsidered.

Under ERISA, there are steps You can take to enforce the above rights. For instance, if You request materials from the Plan Administrator and do not receive them within 30 days, You may file suit in a Federal court. In such case, the court may require the Plan Administrator to provide You the materials and pay You up to \$110 a day until You receive the materials, unless the materials are not sent because of reasons beyond the control of the Plan Administrator. If Your claim for benefits is denied or ignored, in whole or in part, You may file suit in a state or Federal court. If Plan fiduciaries misuse the Plan's money or if You are discriminated against for asserting Your rights, You may seek assistance from the U.S. Department of Labor, or may file suit in a Federal court. The court will decide who should pay court costs and legal fees. It may order You to pay these expenses, for example, if it finds Your claim is frivolous. If You have any questions about Your Plan, You should contact the Plan Administrator. If You have any questions about this statement or about Your rights under ERISA, You should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in Your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.
